

MID-RISE SCISSOR PORTABLE LIFT

This mid-rise, portable lift is an excellent choice for a low ceiling tire shop or service center that wants to get a passenger car or light SUV lifted as quickly as possible. The EM06 model raises vehicles to a full 40". Simply drive the vehicle over the approach ramps and place the rubber support blocks under the vehicle's lifting points.

EM06

Main Features

- ✓ Advanced Hydraulic Safety Locks instead of the traditional mechanical locks.
- ✓ Hydraulic cylinders with a built-in flow restrictor adds stability and smooth lowering.
- ✓ Adjustable approach ramps can quickly extend the length of the platform.
- ✓ Can be made portable by using the optional dolly, kit No.:EM002

Adjustable approach ramps quickly extend the length of the platform.

Two hydraulic cylinders and hydraulic safety locks.

Both 1 1/2" and 3" height rubber pads are included as a standard issue.
